

SCTE Platinum Anniversary at the Tower of London

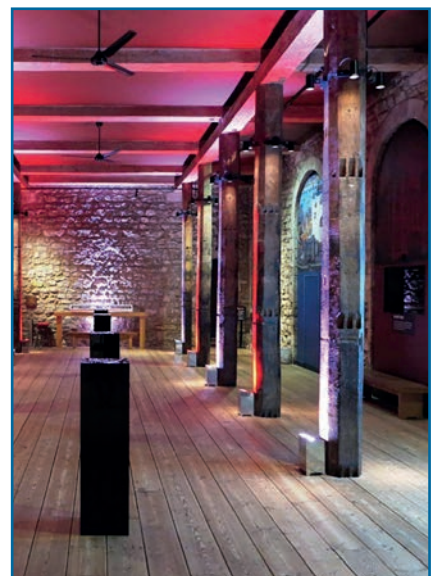

2020 will be the SCTE's 75-year platinum anniversary! As well as producing a celebratory A4 publication (circa 32 pages), detailing the history of the SCTE throughout its 75-year history, the SCTE Annual Gala Awards Dinner will return to the prestigious venue of the Tower of London on **20 June 2020**. Please put this very special date in your diary - attendees will include senior executives and engineers from the international cable and broadband industry.

The evening includes a 'walk and talk' tour conducted by the Yeoman Warders; a private tour of the Jewel House; champagne reception in the White Tower with entertainers; sumptuous 4-course banquet with wine and liqueurs in the New Armouries; a souvenir gift plus chocolate "favours" for every attendee; presentation of the Society Awards and, finally, dancing to a live band plus fun casino back at the hotel. It has all the hallmarks of being a fabulous evening and one not to be missed.

Details of the dinner will be circulated to members in the next few months, and we are giving SCTE corporate members the opportunity to book early. See <https://www.thescte.eu/events/icalrepeat.detail/2020/06/20/126/-/scte-annual-gala-awards-dinner-75th-anniversary>
