

Register now for the Benelux online lecture

The SCTE Benelux Group lecture meeting, planned for IBC Amsterdam this year, will now take place online. It will be a lunchtime meeting on Thursday **10 September 2020** from 12:00 to 01:00 (CET), as part of the IBC Showcase week.

This online meeting will feature two fascinating speakers on '5G and Extended HFC: the Fibre Challengers'.

- Anne van Otterlo, Account CTO, Nokia on '5G Opportunities in Video and Gaming'.
- Toon Norp, Senior Business Consultant, TNO on 'The Role of 5G for Fixed Broadband Access'.

Afterwards, attendees will have the opportunity to ask questions. Participation is free.

Register via aanmelden@scte-benelux.eu. You will then receive confirmation of your participation. A week before the event, you will receive the link to the online platform used for the lecture meeting.

SCTE Benelux plans winter meeting

The SCTE Benelux Group is looking ahead to the winter. If there are no safety or health issues, it plans to hold a winter meeting at the end of November 2020.

More information about the date and location will follow this autumn – please keep an eye on the Benelux website for further details at www.scte-benelux.eu

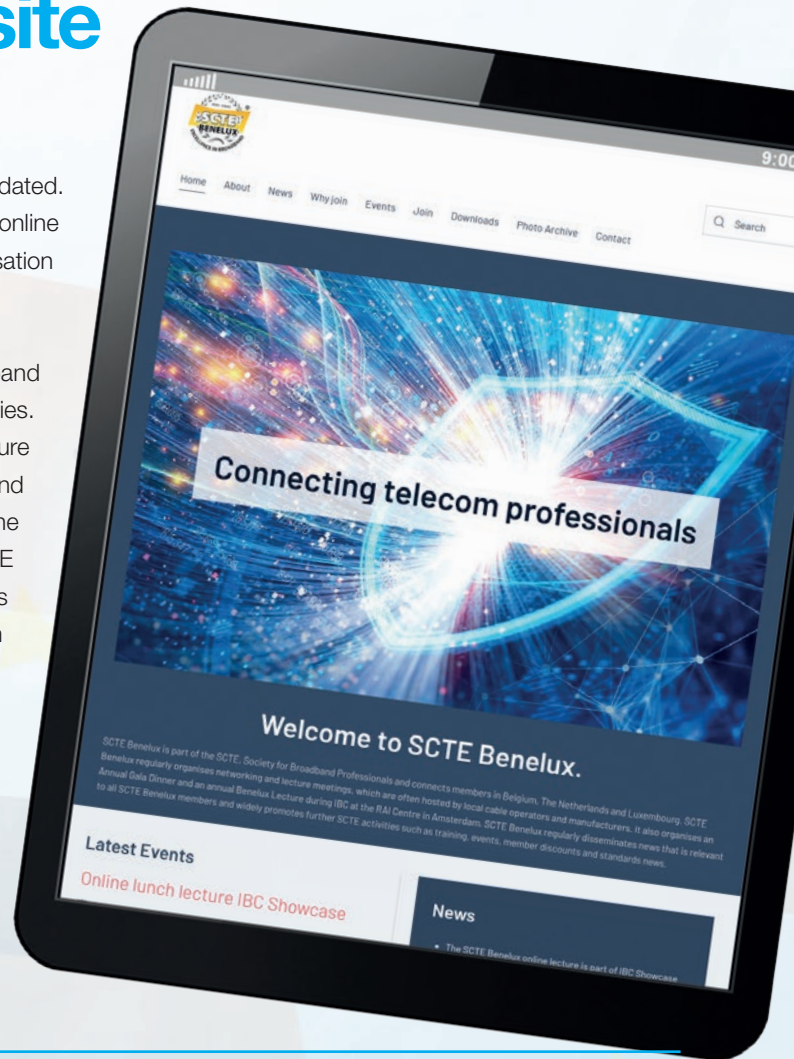

Benelux website update

The SCTE Benelux Group's website has recently been updated. Visitors will now find more items on the home page. The online presentation reflects a more versatile picture of the SCTE organisation in the Netherlands, Belgium and Luxembourg.

SCTE Benelux is part of the SCTE, Society for Broadband Professionals, and connects members in these three countries. SCTE Benelux regularly organises networking and lecture meetings, which are often hosted by local cable operators and manufacturers. It also organises its own Annual Dinner. The Society regularly disseminates news that is relevant to all SCTE Benelux members and widely promotes further SCTE activities such as training, events, member discounts and news on standards.

Mirroring the SCTE's main website, including SCTE and general news plus networking opportunities, it invites new members to join and keeps existing members up to date with the latest SCTE Benelux events and presentations.

Why not take a look and let us know your thoughts? You can access it on www.scte-benelux.eu or email info@scte-benelux.eu

Ask the EXPERT

SCTE members can now **Ask the Expert** via a facility that allows members to ask technical questions and receive considered responses and answers from experienced SCTE Executive Committee Members. Questions and answers will be posted on the SCTE website and also emailed directly to the enquirer.

Don't miss your chance to benefit from the long experience of the committee and ask your question now by logging into the member section of the SCTE website and accessing <http://www.thescte.eu/members/ask-the-experts> or you can email us at technical@thescte.eu, citing your member number and question.
