

The Society for Broadband Professionals

Skills for Success ‘Meet the Industry’ Day

Wednesday 13 April 2016

Registration: 09.00 | Starts: 09.30 | Closes: 18.00

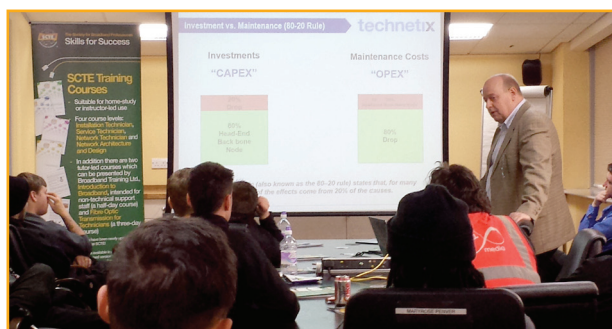

In partnership with the University of Bradford, the SCTE™ (Society for Broadband Professionals) brings together some of the leading vendors supplying the UK broadband network market, with university students, postgraduates, broadband engineering technologists, network engineers and installation engineers for an Industry Day.

The day features technical lectures, hands-on product demonstrations and a table-top exhibition, providing valuable industry insight and advice for delegates.

A Keynote presentation from an industry expert will also be entitled:-

“Transformation – A Connected World”

This is a one-day educational and networking event, offering a unique opportunity for vendors and delegates to collaborate and engage in a friendly environment. There will also be a networking and cocktail hour at 17.00 after the last presentation.

Founded in 1945, the SCTE™ is a Learned Society and non-profit making organisation whose aim is to raise the standard of broadband engineering in the telecommunications industry. The Society particularly concerns itself with the training and career advancement of technical professionals in the field.

Email office@thescte.eu or see www.thescte.eu for further details.
